MEMORANDUM FOR: Chief, Military-Economic Division, ORR

ATTENTION :

THROUGH : Chief, Requirements Branch, Reconnaissance Group, CGS

FROM : Chief, CIA/PID (NPIC)

SUBJECT : Ulan Ude Airframe Plant #99, USSR

REFERENCE : (1) ORR Requirement No. RR/358/62
(2) CIA/PID Project No. C 1254/62

1. This memorandum is forwarded in answer to the referenced requirement concerning the Ulan Ude Airframe Plant #99.

2. This study was conducted utilizing photography from . The selection of for this study was made by screening all available photography over this installation and using the latest date photography which best maintained a high degree of image quality.

3. Ulan Ude Airframe Plant #99 is located 6 nm ENE of Ulan Ude Railroad Station. The coordinates are 51° 51'N - 107° 45'E.

The limits of the plant are outlined in Figure 1. Photography from shows the plant containing a total estimated roof cover of 1,040,325 square feet. All buildings within the plant were included in the estimate; however, only the major buildings were annotated. Ulan Ude Airfield is adjacent to the plant on its western edge. The field is used primarily as a test and flyaway facility. The small scale of the photography precludes definite identification of some buildings, security, entrances, and the location of rail spurs within the installation.

4. The photo analyst for this project was who may be contacted on extension should you have any further questions regarding this project. This memorandum with enclosures completes the referenced requirement.

ENCLOSURES:

- 1 annotated photo enlargement (CIA/PID/IB-P-694/63)
- 1 line drawing (CIA/PID/IB-P-695/63)
- 1 table (Key to Annotations)
